What is Teen Advisory Group?

Teen Advisory Group consists of middle and high school students who work closely with library staff to plan activities and projects at the library.

This is an opportunity to share ideas, be creative and work together to plan and implement programs and projects for children and teens at Decatur Public Library.

TAG members also provide valuable input for improving the books and other materials we keep in our Young Adult section.

TAG is open to grades 6-12 or ages 12-18. Members agree to meet once a month to discuss and plan programs, advise library staff on new books they'd like to see at the library or just to talk about what they've been reading or watching lately.

Volunteer hours can be earned to be used on college applications and can also count towards service hours.

TAG is always looking for creative participants to help design these events and make them special for kids.
